# **Losing Ground: 2010 Report Card on Apprentices in the Construction Trades**

A Collaborative Report of the NAACP Milwaukee Branch and the  
University of Wisconsin-Milwaukee Employment and Training Institute

March 2010

**Losing Ground: 2010 Report Card on Apprentices in the Construction Trades**  
A Collaborative Report of the NAACP Milwaukee Branch and the University of Wisconsin-Milwaukee  
Employment and Training Institute, March 2010

This report provides racial/ethnicity and gender data on apprentices by construction trade joint apprenticeship committee (JAC), as of January 12, 2010, based on data provided to the NAACP – Milwaukee Branch by the Wisconsin Department of Workforce Development (DWD) Bureau of Apprenticeship Standards (BAS). The hiring patterns of 16 union joint apprenticeship committees serving the Milwaukee area are analyzed and report cards provided for 341 contractors with apprentices. A second analysis examines the hiring patterns of 102 non-union contractors with apprentices. This is the third report prepared by the NAACP and ETI to track hiring and training of apprentices in the construction trades.

Apprenticeships in Wisconsin are regulated by state statute and involve written contracts between the apprentice, the sponsoring joint apprenticeship committee, and the State of Wisconsin. (See appendices.) All participating employers are required to take affirmative steps to provide equal employment opportunity in apprenticeships. Joint apprenticeship committees are required to adopt annual affirmative action plans for identifying, recruiting, and training present and potential minority and female apprentices, and if failing to meet their prior year’s hiring goals for minorities and women, required to evaluate their prior “good faith” efforts and make changes to improve the effectiveness of their programs. Construction contractors receiving federal stimulus funds under the 2009 American Recovery and Reinvestment Act are obligated to meet affirmative action provisions contained in Executive Order 11246, with enforcement through the U.S. Department of Labor Office of Federal Contract Compliance Programs (OFCCP).

## **I. Findings**

The 2010 data showed African American apprentices hardest hit by the recession’s impact on the construction industry as well as by long-standing failures to effectively recruit and retain African Americans in the trades. Too often, African Americans suffered higher job losses and were placed on lay-off in disproportionate numbers. With African Americans now comprising 21% of the labor force in Milwaukee County (and 24% of the male labor force), substantial improvements are needed in access to jobs in the trades, particularly given the large infusion of federal money for construction work.

### **Few African Americans Are Receiving Apprenticeship Training**

- Of the 341 union contractors with apprentices in January, 319 (94% of the total) employed **white** apprentices but only 78 contractors employed **African American** apprentices.
- Only 122 African American males and 10 African American females held construction trade apprenticeships out of 1,500 union apprenticeships in the Milwaukee area, as of January 2010.
- In non-union companies, African Americans held only 6% of apprenticeships (15 out of 240). In the union companies, African Americans held 9% of apprenticeships (132 of 1,500).

### Higher Cancellation Rates for African American Apprentices

- Cancellation rates for African American apprentices in Milwaukee area construction trade committees have now passed 50% by the end of the second year and are more than double the rates for white apprentices. For African American apprentices who registered in 2007, 52% had been cancelled from the program before the end of their second year. For white apprentices, the cancellation rate was 24%.

Source: Apprenticeship Cancellation & Completion Rates, Wisconsin Department of Workforce Development Bureau of Apprenticeship Standards, March 1, 2010.

- White apprentices are more often employed as a group rather than as lone individuals. Only 6 union contractors employed more than 2 African Americans apprentices in January. By contrast, 135 contractors employed more than 2 white apprentices. (Similarly, only 1 non-union contractor employed more than 2 African American apprentices.)

### African American Job Losses

- African Americans saw a net loss of 74 apprentices (65 males and 9 females) since the last NAACP report card was prepared for the Fall of 2007.
- African Americans took a disproportionate hit on the apprenticeship job declines. While African Americans hold only 8% of **active** union apprentices, they suffered 15% of the apprenticeship job losses from Fall 2007 to January 2010.

#### Job Losses in Construction Trade Apprentices: Fall 2007 - January 2010

16 Union JACs	-74	-31	-14	-1	-370	-490
% of Total Job Losses	15%	6%	3%	0%	75%	100%

- Apprenticeship job losses were seen for African Americans in 9 of the trades, including construction craft laborers, carpenters, bricklayers, iron workers, cement masons, steamfitters, roofers, painters, and sprinklerfitters. Two other trades (tile setters and glaziers) employed **no** African American apprentices in either Fall 2007 or January 2010.
- Among 341 Milwaukee area union contractors with apprentices, 227 had **no** African American apprentices in Fall 2007 or in January 2010. Another 77 contractors **decreased** their number of African American apprentices since Fall 2007, while only 48 contractors increased their employment of African American apprentices.

### “Unassigned” Union Apprentices Not at Work

- Additionally, 14% of the African American apprentices were unassigned, compared to only 9% of white apprentices. African Americans had a higher rate of unassigned apprentices than any other racial/ethnic group.

#### 14% of African American Apprentices Do Not Have a Work Assignment

Apprenticeship Status as of January 2010	African American	Hispanic	Native American	Asian	White
Active	114	91	8	7	1,145

Total	100%	100%	100%	100%	100%

- The higher unemployment rate for African American apprentices cannot be explained by the “last hired, first fired” adage. On average, African Americans who were unassigned had started their apprenticeship programs 11 months before the unassigned white apprentices.

Chapter ILHR 295 was renumbered to be DWD 295 under s. 13.93 (2m) (b) 1., Stats., and corrections made under s. 13.93 (2m) (b) 6. and 7., Stats., Register, September, 1997, No. 501.

#### DWD 295.001 Definitions. In this chapter:

- (1) "Apprentice" has the meaning specified in s. 106.01, Stats.
  - (2) "Department" means the department of workforce development.
  - (4) "Indenture" has the meaning specified in s. 106.01, Stats.
- History:** Cr. Register, May, 1981, No.305, eff. 6-1-81; **CR 07-010: r. (3), Register June 2007 No. 618, eff. 7-1-07.**

**DWD 295.01 Standards. (1)** The department may adopt state-wide or area apprenticeship standards covering minimum training requirements, procedure in processing indentures, qualification of applicant employers and apprentices, functions of joint apprenticeship committees, and such other matters as constitute an apprenticeship program in a particular trade.

**(2)** The department may recognize but will not be a party to agreements as to apprenticeship standards or similar understandings when such standards in their entirety are part of a bargaining agreement between the management and its employees.

**(3)** In trades for which no uniform apprenticeship courses or schedules of training have been adopted by the department, the employer may execute a special agreement with the apprentice, subject to the approval of the department.

**History:** Cr. Register, March, 1957, No.15, eff. 4-1-57; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.01, Register, April, 1981, No. 304, eff. 5-1-81.

**DWD 295.02 Area joint committees. (1)** The function of joint apprenticeship committees is to act in an advisory capacity to the department and to be parties to indentures as provided in s. 106.01 (5i) (a), Stats. Equal employer-employee representation is a requirement. Candidates for membership are nominated by the organizations which the members are to represent. To be recognized as a joint apprenticeship committee each individual member shall be officially so designated by the department. The geographical jurisdictional area of each such joint apprenticeship committee shall be determined by the department.

**(2)** This rule does not apply to shop or plant sponsored apprenticeship programs or to joint apprenticeship committees created under the terms of a bargaining agreement between the management and its employees.

**History:** Cr. Register, March, 1957, No.15, eff. 4-1-57; am. (1), Register, November, 1978, No.275, eff. 12-1-78; renum. from Ind. 85.02, Register, April, 1981, No. 304, eff. 5-1-81.

**DWD 295.03 Application forms.** Where the department requires application forms to be filled out by applicant employers and apprentices, the forms shall be approved by the department.

**History:** Cr. Register, March, 1957, No.15, eff. 4-1-57; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.03, Register, April, 1981, No.304, eff. 5-1-81.

**DWD 295.04 Apprentice wages. (1)** An apprentice indenture wage scale is deemed adequate when, during the term of training, it averages 60% of the current journeyman rate. The indenture should provide for a graduated scale progressing in periods as approved by the department.

**(2)** In determining the journeyman or skilled wage rate, the following formula governs: In trades in which it is common practice to bargain collectively on a community-wide or area-wide basis, the journeyman wage is that rate received by a greater number of journeymen in the same trade and community than any other rate. The department will not normally approve a skilled rate for apprenticeship purposes more than 20% below the journeyman rate in the area. In controversial cases, growing out of the fact that the committee's jurisdictional area is so great as to extend into communities in which application of this policy proves impracticable, the department reserves the right to make exceptions.

**(3)** In other trades or trade groups in which collective bargaining is on the basis of an individual plan or establishment, the skilled rate is that rate specified in the bargaining agreement. In establishments not covered by bargaining agreement, the skilled rate is that rate paid the greatest number of competent journeyman mechanics in like establishments in the community, or such other rate deemed adequate by the department.

**History:** Cr. Register, March, 1957, No. 15, eff. 4-1-57; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.04, Register, April, 1981, No.304, eff. 6-1-81.

#### DWD 295.05 Procedure in processing indentures where there are area joint apprenticeship committees.

In trades and communities having active area joint apprenticeship committees recognized by the department, a copy of the application for approval of indentures will be referred to such committees by the department for recommendation. The department will expect applicants to appear personally before committees if and when requested to do so by the committee. If no recommendation is received by the department from the committee within 40 days after receipt of application by the committee, the department will act on the application without committee recommendation. This time limit may be extended by the department on showing of good cause. Joint apprenticeship committee recommendations on individual applications shall be subject to review and revision by the department in the event applicants are dissatisfied with committee action.

**History:** Cr. Register, March, 1957, No.15., eff. 4-1-67; am. Register, November, 1978, No. 276, eff. 12-1-78; renum. from Ind 85.05, Register, April, 1981, No.304, eff. 5-1-81

#### DWD 295.06 Effect of bargaining agreements.

Where conditions of employment of apprentices are stipulated by collective bargaining agreement, the department will be guided by the terms of such agreement provided such terms are not in conflict with state statutes or this chapter.

**History:** Cr. Register, March, 1957, No.15, eff. 4-1-57; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.06, Register, April, 1981, No.304, eff. 5-1-81; correction made under s. 13.93 (2m) (b) 7, Stats., Register, June, 1984;

**Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.**

correction made under s. 13.93 (2m) (b) 7., Stats., Register, February, 1996, No. 482.

**DWD 295.07 Indenture.** (1) All apprenticeship indentures shall be made upon the blank forms provided by the department.

(2) No indenture shall be considered in force unless it has had the approval of the department.

(3) Proof of age must be furnished the department in all cases involving minors between the ages of 16 and 18 years before approval of indenture will be given.

(4) The indenture shall state the length of the probationary period, which may be up to 25% of the indenture hours of the apprenticeship but in no case shall it exceed 12 calendar months. The probationary period shall constitute part of the apprenticeship period. During the probationary period apprenticeship agreements are voidable by either party upon written notice to the department.

(5) The department may give such time credit on the term of apprenticeship as the character of previous practical experience may warrant, which time credit shall be stated in the indenture or an amendment thereto.

(6) Upon the completion, interruption or proposed termination of any apprenticeship indenture the employer shall notify the department immediately stating the reasons therefor.

(7) Minors indentured under provisions of ch. 106, Stats., shall not be subject to the law relating to prohibited employments for minors, insofar as such minors at the time of injury, are performing service within the provisions of contracts of apprentice indenture approved by the department.

(8) The terms of an existing indenture may be modified subject to approval of the department.

**History:** Cr. Register, March, 1957, No.15, eff. 4-1-57; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.08, Register, April, 1981, No.304, eff. 5-1-81; CR 02-087: am. (4) Register November 2002 No. 563, eff. 12-1-02.

**DWD 295.08 Manual.** The department shall keep on record and make available to all interested persons the apprenticeship manual as approved by the department on July 17, 1956, or as thereafter amended.

**History:** Cr. Register, March, 1967, No.15, eff. 4-1-57; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.09, Register, April, 1981, No. 304, eff. 5-1-81; CR 07-010: am. Register June 2007 No. 618, eff. 7-1-07.

**DWD 295.09 Forms.** The following form is listed in accordance with s. 227.23, Stats., and may be obtained by writing the department of workforce development, Madison, Wisconsin.

DWD-APT-4224 Apprentice Indenture.

**History:** Cr. Register, October, 1957, No.22, eff. 11-1-57; am. Register, November, 1978, No.275, eff. 12-1-78; renum. from Ind 85.10, Register, April, 1981, No. 304, eff. 5-1-81; correction made under s. 13.93 (2m) (b) 7., Stats., Register, February, 1996, No. 482.

**DWD 295.10 Family-owned construction business.**

(1) In this section, "family-owned construction business" means a construction business which is owned or a majority of whose stock is owned by one person or jointly by 2 persons who are related by blood or marriage.

(2) An owner of a family-owned construction business may select any of his or her sons or daughters or any person necessary to an affirmative action plan as an apprentice when the person has met the qualification standards for a trade and the business has met the qualification standards for training the type of apprentice involved.

(3) This section may not be used by a family-owned construction business to replace an apprentice already indentured to the business.

(4) Where conditions of employment of apprentices are stipulated by a collective bargaining agreement, the department will be guided in its actions under this section by the terms of the agreement. Such stipulated conditions may require that sons and daughters

of owners receive the same treatment as all other apprentice-ship applicants.

**Note:** The qualification standards referred to in sub. (2) are set by joint apprenticeship committees and the department. Copies are available from the division of apprenticeship and training, P.O. Box 7946, Madison, WI 53707.

**History:** Cr. Register, June, 1984, No. 342, eff. 7-1-84.

**DWD 295.15 Criteria for apprenticeable occupations.**

(1) DUTIES OF THE DEPARTMENT. (a) No indenture or program may be approved pursuant to ch. 106, Stats., unless the occupation involved has been approved by the department as one suitable as an apprenticeable occupation under the criteria provided in this section.

(b) The department shall maintain a list of approved apprenticeable occupations.

(2) OCCUPATIONAL CRITERIA. In order for a new occupation to be approved by the department as an apprenticeable occupation, the department shall find that the occupation:

(a) Involves manual, mechanical or technical skills;

(b) Is customarily learned in a practical way through training and on-the-job work;

(c) Requires related instruction to supplement the on-the-job training;

(d) Is clearly identified and recognized throughout an industry; and

(e) Is not part of an occupation presently recognized as apprenticeable by the department, unless that part is practiced and recognized industrywide as a separate identifiable trade.

(3) INDUSTRYWIDE. The department shall determine whether an occupation is practiced and recognized industrywide as a separate identifiable trade by surveying employers in the industry in question.

**History:** Cr. Register, October, 1981, No. 310, eff. 11-1-81.

**DWD 295.20 Enforcement of indenture agreements.**

(1) COMPLAINTS. The department may accept complaints from any party to the agreement alleging that an indenture agreement entered into under ch. 106, Stats., is not being complied with by another party to the agreement.

(3) NOTICE. (a) *Notice of intent to cancel.* If any party to the indenture agreement requests that the department cancel the agreement, the department shall send a written notice of intent to cancel to the complainant and the other party or parties. The notice shall state that the agreement will be cancelled 20 days from the date of the notice, unless the department receives a written objection from any party within the 20-day period. An objection shall be on the form provided by the department with the notice.

(b) *No objection to cancellation.* If no party to the agreement objects by the expiration of the 20-day period in the notice of intent to cancel, the agreement is cancelled effective the date of the cancellation notice under par. (d).

(c) *Timely objection.* If the department receives an objection within the 20-day period provided in the notice of intent to cancel, the following provisions apply:

1. The indenture agreement shall remain in the status it is in at the time that the department receives the objection, until the department cancels the agreement under par. (d).

2. The department shall determine whether the information provided by the complainant and the objecting party supports the complainant's allegation that another party is not complying with the terms of the agreement and whether the agreement should be cancelled. If the information provided is unclear or incomplete, the department shall investigate further.

3. If the department determines that the indenture agreement should be cancelled, the department shall send a cancellation notice under par. (d) and the agreement is cancelled effective the date of the notice. If the department determines that the indenture

**Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.**

agreement should not be cancelled, the department shall rescind the intent to cancel notice.

(d) *Cancellation notice.* If the indenture agreement is cancelled, the department shall send a written cancellation notice to the parties. Any party who objects may make a request for a hearing within 20 days from the date of the notice.

(4) **APPROPRIATE SUBJECT MATTER.** (a) The department shall hold a hearing if a timely request is made under sub. (3) on any complaint alleging that the provisions of the indenture agreement are not being complied with by a party to the agreement. The department may not hold a hearing on complaints which consist of matters which are unrelated to the provisions of the indenture agreement.

(b) Examples of violations of the indenture agreement which may be appropriate subject matter for a hearing on a complaint to the department under this chapter include but are not limited to:

1. That the employer or other party to the indenture agreement has not provided to the apprentice the proper training as required in the indenture agreement;

2. That the employer or other party to the indenture agreement has failed to provide to the apprentice the proper schooling as required in the indenture agreement;

3. That the employer or other party to the indenture agreement has assigned the apprentice to perform job duties which do not provide the proper training as required in the indenture agreement;

4. That the employer or other party to the indenture agreement has failed to pay the wages as required in the indenture agreement;

5. That the apprentice is not satisfactorily progressing in the training or schooling required under the indenture agreement.

(c) Examples of matters which are unrelated to the provisions of the indenture agreement which are not appropriate subjects for a hearing by the department under this chapter include but are not limited to:

1. Employee absenteeism or tardiness at work or school;

2. Employee use of drugs or alcohol on the job at work or school;

3. Insubordination;

4. Refusal to perform work as assigned; or

5. Employee violations of the employer's printed work rules.

(d) If the department's investigation reveals that the dispute between the apprentice and the employer or other party to the

indenture agreement is unrelated to the provisions of the indenture agreement, the department may cancel the indenture agreement.

(5) **HEARING PROCEDURES.** (a) When the department sets a date for a hearing, it shall notify each party to the indenture agreement at least 20 days prior to the date of the hearing.

(b) The person appointed by the department as the hearing examiner may not be any person who has participated in an initial investigation of the complaint.

(c) The hearing examiner shall limit the hearing to the appropriate subject matter under sub. (4).

(d) The person making the complaint shall present evidence at the hearing to support the allegations in the complaint. If the person making the complaint fails to appear at the hearing without good cause or refuses to present evidence to support the allegations in the complaint, the hearing examiner may dismiss the complaint.

(e) The hearing examiner is not bound by the strict statutory or common law rules of evidence. Evidence shall be admitted as provided in s. 227.45, Stats.

(f) The hearing shall be transcribed. Any party may obtain a copy of the transcript by purchasing a copy from the transcription agency.

(g) At the conclusion of the hearing, the hearing examiner shall make written findings and orders and serve them upon the parties. The hearing examiner may make orders to enforce the indenture agreement, order penalties as provided in s. 106.01 (8) and (9), Stats., cancel the indenture agreement or dismiss the complaint.

(h) If the hearing examiner finds that a penalty as provided in s. 106.01 (8) and (9), Stats., is appropriate, the department may request the attorney general to seek a court order directing the party to pay the penalty. If any party fails to comply with an order of the hearing examiner, the department may request the attorney general to seek enforcement of the order or penalty in the circuit court.

(i) The decision of the hearing examiner is the final order of the department. Any party may seek judicial review of an order of the hearing examiner, as provided in ch. 227, Stats.

(6) **CANCELLATION.** This section does not apply to the request of either party that an indenture be cancelled during the probationary period specified in the indenture agreement.

In determining underutilization and establishment of goals, minorities are treated as one group, i.e., the numbers of Negro, American Indian, Oriental and Spanish-American are combined for a minority count. #### DWD 296.04 Equal opportunity standards.

**(1) OBLIGATION OF SPONSORS.** Each sponsor of an apprenticeship program shall:

(b) Uniformly apply rules and regulations concerning apprentices, including but not limited to, equality of wages, periodic advancement, promotion, assignment of work, job performance, rotation among all work processes of the trade, imposition of penalties, or other disciplinary action, and all other aspects of the apprenticeship program administration by the program sponsor; and

**Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.**

1978 shall, by no later than January 1, 1979, take the following actions:

(a) Include in the standards of its apprenticeship program the equal opportunity pledge prescribed by sub. (2), and

(b) Adopt an affirmative action plan required by s. DWD 296.05, and

(c) Adopt a selection procedure required by s. DWD 296.06. A sponsor adopting a selection method under s. DWD 296.06 (2) (a), (b) or (c) shall prepare, and have available for submission upon request, copies of its amended standards, affirmative action plans, and selection procedure. A sponsor adopting a selection method under s. DWD 296.06 (2) (d) shall submit to the agency copies of its standards, affirmative action plan and selection procedure in accordance with the requirements of s. DWD 296.06 (2) (d) 1.

**(4) SPONSORS SEEKING NEW REGISTRATION.** A sponsor of a program seeking new registration with the agency shall submit copies of its proposed program, affirmative action plan, selection procedures, and such other information as may be required.

**(5) PROGRAMS SUBJECT TO APPROVED EQUAL EMPLOYMENT OPPORTUNITY PLANS.** A sponsor shall not be required to adopt an affirmative action plan under s. DWD 296.05 or a selection procedure under s. DWD 296.06 if it submits to the agency satisfactory evidence that it is in compliance with an equal employment opportunity program providing for the selection of apprentices and for affirmative action in apprenticeship including goals and timetables for women and minorities which has been approved as meeting the requirements of Title VII of the Civil Rights Act of 1964 as amended (42 USC 2000e et seq.) and its implementing regulations published in Title 29 of the Code of Federal Regulations, Chapter XIV or executive order 11246, as amended, and its implementing regulations at Title 41 of Code of Federal Regulations, chapter 60: *Provided*, that plans approved, modified or renewed subsequent to the effective date of this amendment will qualify for this exception only if the goals and timetables for minorities and women for the selection of apprentices provided for in such plans are equal to or greater than the goals required under this plan.

**(6) PROGRAMS WITH FEWER THAN 5 APPRENTICES.** A sponsor of a program in which fewer than 5 apprentices are indentured may not be required to adopt an affirmative action plan under s. DWD 296.05 or a selection procedure under s. DWD 296.06 provided, that such program was not adopted to circumvent the requirements of this plan.

**History:** Cr. Register, July, 1967, No. 139, eff. 8-1-67; r. and recr. Register, August, 1972, No. 200, eff. 9-1-72; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.14, Register, April, 1981, No. 304, eff. 5-1-81; corrections in (3), (5) and (6) made under s. 13.93 (2m) (b) 7., Stats., Register, February, 1996, No. 482.

**DWD 296.05 Affirmative action plans. (1) ADOPTION OF AFFIRMATIVE ACTION PLANS.** A sponsor's commitment to equal opportunity in recruitment, selection, employment, and training of apprentices shall include the adoption of a written affirmative action plan.

**(2) DEFINITION OF AFFIRMATIVE ACTION.** Affirmative action is not mere passive nondiscrimination. It includes procedures, methods, and program for the identification, positive recruitment, training, and motivation of present and potential minority and female (minority and nonminority) apprentices. It is action which will equalize opportunity in apprenticeship so as to allow full utilization of minority and women work potential. The overall result to be sought is equal opportunity in apprenticeship for all individuals participating in or seeking entrance to Wisconsin's labor force.

**(3) OUTREACH AND POSITIVE RECRUITMENT.** An acceptable affirmative action plan must include adequate provision for outreach and positive recruitment that would reasonably be expected to increase minority and women participation in apprenticeship

by expanding the opportunity of these persons to become eligible for apprenticeship selection. In order to achieve these objectives, sponsors shall undertake activities such as those listed below. It is not contemplated that each sponsor necessarily will include all of the listed activities in its affirmative action program. The scope of the affirmative action program will depend on all the circumstances including the size and type of the program and its resources. However, the sponsor will be required to undertake a significant number of appropriate activities in order to enable it to meet its obligations under this part. The affirmative action plan shall set forth the specific steps the sponsor intends to take in the areas listed below.

(a) 1. Dissemination of information concerning the nature of apprenticeship, availability of apprenticeship opportunities, sources of apprenticeship applications, and the equal opportunity policy of the sponsor.

2. For programs accepting applications only at specified intervals, such information shall be disseminated at least 30 days in advance of the earliest date of application at each interval.

3. For programs customarily receiving applications throughout the year, such information shall be regularly disseminated but not less than semiannually.

4. Such information shall be given to the agency, local schools, employment service office, community organizations which can effectively reach minority and women's groups, and published in newspapers which are circulated in the minority community as well as the general areas in which the program sponsor operates. When apprenticeship openings are advertised in the newspapers, the "Help Wanted — Male or Female" column should be used.

(b) Participate in annual workshops conducted by employment service agencies for the purpose of familiarizing school, employment service and other appropriate personnel with the apprenticeship system and current opportunities therein.

(c) Cooperation with local school boards, vocational education systems, and other agencies to develop programs for preparing students to meet the standards and criteria required to qualify for entry into apprenticeship programs.

(d) Internal communication of the sponsor's equal opportunity policy in such a manner as to foster understanding, acceptance and support among the sponsor's various officers, supervisors, employees and members and to encourage such persons to take the necessary action to aid the sponsor in meeting its obligations under s. DWD 296.05.

(e) Engaging in programs such as outreach for the positive recruitment and preparation of potential applicants for apprenticeships; where appropriate and feasible, such programs shall provide for pretesting experience and training. If no such programs are in existence, the sponsor shall seek to initiate these programs, or when available to obtain financial assistance from the department. In initiating and conducting these programs, the sponsor may be required to work with other sponsors and appropriate community organizations. The sponsor shall also initiate programs to prepare and encourage women to enter traditionally male programs.

(f) To encourage the establishment and utilization of programs of preapprenticeship, preparatory trade training, or other designed to prepare candidates for apprenticeship, a sponsor shall make appropriate provision in its affirmative action plan to assure that those who complete such programs are afforded full and equal opportunity for admission into the apprenticeship program.

(g) Utilization of journeymen to assist in the implementation of the sponsor's affirmative action program.

(h) Granting advance standing or credit on the basis of previously acquired experience, training, skills or aptitude for all applicants equally.

**Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.**

(i) Admitting to apprenticeship programs persons whose age exceeds the maximum age for admission to the program, where such action is necessary to assist the sponsor in achieving its affirmative action obligations.

(j) Such other action as to insure that the recruitment, selection, employment, and training of apprentices during apprenticeship, shall be without discrimination because of race, color, religion, national origin, or sex; such as: general publication of apprenticeship opportunities and advantages in advertisements, industry reports, articles, etc.; use of present minority or women apprentices and journeymen as recruiters; career counseling; periodic auditing of affirmative action programs and activities; and development of reasonable procedures between the sponsor and employers of apprentices to insure that equal employment opportunity is being granted including reporting systems, on-site reviews, briefing sessions, etc.

**(4) GOALS AND TIMETABLES.** (a) A sponsor adopting a selection method under s. DWD 296.06 (2) (a) or (b) which determines on the basis of the analysis described in sub. (5) that it has deficiencies in terms of underutilization of minorities and/or women (minority and nonminority) in the craft or crafts represented by the program shall include in its affirmative action plan percentage goals and timetables for the admission of minority and/or female (minority and nonminority) applicants into the eligibility pool.

(b) A sponsor adopting a selection method under s. DWD 296.06 (2) (c) or (d) which determines on the basis of the analysis described in sub. (5) that it has deficiencies in terms of the underutilization of minorities and/or women (minority and nonminority) in the craft or crafts represented by the program shall include in its affirmative action plan percentage goals and timetables for the selection of minority and/or female (minority and nonminority) applicants for the apprenticeship program.

(c) "Underutilization" as used in this subsection refers to the situation where there are fewer minorities and/or women (minority and nonminority) in the particular craft or crafts represented by the program than would reasonably be expected in view of an analysis of the specific factors in sub. (5) (a) through (e). Where, on the basis of the analysis, the sponsor determines that it has no deficiencies, no goals and timetables need be established. However, where no goals and timetables are established, the affirmative action plan shall include a detailed explanation why no goals and timetables have been established.

(d) Where the sponsor fails to submit goals and timetables as part of its affirmative action plan or submits goals and timetables which are unacceptable, and the agency determines that the sponsor has deficiencies in terms of underutilization of minorities and/or women (minority and nonminority) within the meaning of this section, the agency shall establish goals and timetables applicable to the Sponsor for the admission of minority and/or female (minority and nonminority) applicants into the eligibility pool or Selection of apprentices, as appropriate. The sponsor shall make good faith efforts to attain these goals and timetables in accordance with the requirements of this section.

**(5) ANALYSIS TO DETERMINE IF DEFICIENCIES EXIST.** The sponsor's determination as to whether goals and timetables shall be established, shall be based on an analysis of at least the following factors, which analysis shall be set forth in writing as part of the affirmative action plan:

(a) The minority and/or female (minority and nonminority) population of the labor market area in which the program sponsor operates;

(b) The size of the minority and/or female (minority and nonminority) labor force in the program Sponsor's labor market area;

(c) The percentage of minority and/or female (minority and nonminority) participation as apprentices in the particular craft as compared with the percentage of minorities and females in the labor force in the program sponsor's labor market area;

(d) The percentage of minority and/or female (minority and nonminority) participation as journeymen employed by the employer or employers participating in the program as compared with the percentage of minorities and/or women (minority and nonminority) in the sponsor's labor market area and the extent to which the sponsor should be expected to correct any deficiencies through the achievement of goals and timetables for the selection of apprentices.

(e) The general availability of minorities and/or women (minority and nonminority) with present or potential capacity for apprenticeship in the program sponsor's labor market area.

**(6) ESTABLISHMENT AND ATTAINMENT OF GOALS AND TIMETABLES.** The goals and timetables shall be established on the basis of the sponsor's analysis of its underutilization of minorities and/or female and its entire affirmative action program. In establishing the goals, the sponsor should consider the results which could be reasonably expected from its good faith efforts to make its overall affirmative action program work. Compliance with these requirements shall be determined by the agency as to whether the sponsor has met its goals within its timetable, or failing that, whether it has made good faith efforts to meet its goals and timetables. Its "good faith efforts" shall be judged by whether it is following its affirmative action program and attempting to make it work, including evaluation and changes in its program where necessary to obtain the maximum effectiveness toward the attainment of its goals. However, in order to deal fairly with program sponsors, and with women who are entitled to protection under the goals and timetables requirements, during the first 12 months after the effective date of these rules, the program sponsor would generally be expected to set a goal for women for the entering year class at a rate which is not less than 50% of the proportion women are of the workforce in the program sponsor's labor market area and set a percentage goal for women in each class beyond the entering class which is not less than the participation rate of women currently in the preceding class. At the end of the first 12 months after the effective date of these rules, sponsors are expected to make appropriate adjustments in goals. (See s. DWD 296.08 (2)).

**(7) DATA AND INFORMATION.** The secretary of labor shall make available to program sponsors data and information on minority and/or female (minority and nonminority) population and labor force characteristics for each standard metropolitan statistical area, and for other special areas as appropriate.

**History:** Cr. Register, July, 1967, No. 159, eff. 8-1-67; r. and recr. Register, August, 1972, No. 200, eff. 9-1-71; am. Register, November, 1978, No. 275, eff. 12-1-78; renum. from Ind 85.15, Register, April, 1981, No. 304, eff. 5-1-81; corrections made under s. 13.93 (2m) (b) 7., Stats., Register, February, 1996, No. 482.

**DWD 296.06 Selection of apprentices. (1) OBLIGATIONS OF SPONSORS.** In addition to the development of a written affirmative action plan to insure that minorities and women have an equal opportunity for selection as apprentices and otherwise insure the prompt achievement of full and equal opportunity in apprenticeship, each sponsor shall further provide in its affirmative action program that the selection of apprentices shall be made under one of the methods specified in sub. (2) (a) through (d).

**(2) SELECTION METHODS.** The sponsor shall adopt one of the following methods for selecting apprentices prior to January 1, 1979.

(a) *Selection on basis of rank from pool of eligible applicants.*  
1. Selection. a. A sponsor may select apprentices from a pool of eligible applicants created in accordance with the requirements of subd. 3. on the basis of the rank order of scores of applicants on one or more qualification standards where there is a significant statistical and practical relationship between rank order of scores and performance in the apprenticeship program.

**Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.**

b. In demonstrating such relationship, the sponsor shall follow the procedures set forth in guidelines on employee selection procedures published in 41 CFR Part 60-3.

2. Requirements. The sponsor adopting this method of selecting apprentices shall meet the requirements of subs. 3. through 7.

3. Creation of pool of eligibles. a. A pool of eligibles shall be created from applicants who meet the qualifications of minimum legal working age; or from applicants who meet qualification standards in addition to minimum legal working age provided that any additional qualification standards conform with the following requirements:

b. The qualification standards, and the procedures not determining such qualification standards, shall be stated in detail and shall provide criteria for the specific factors and attributes to be considered in evaluating applicants for admission to the pool. The score required under each qualification standard for admission to the pool shall also be specified. All qualification standards, and the Score required on any standard for admission to the pool, shall be directly related to job performance, as shown by a significant statistical and practical relationship between the score on the standards, and the score required for admission to the pool, and performance in the apprenticeship program. In demonstrating such relationships, the sponsor shall follow the procedures set forth in 41 CFR Part 60-3. Qualifications shall be considered as separately required so that the failure of an applicant to attain the specified score under a single qualification standard shall disqualify the applicant from admission to the pool.

c. Any qualification standard for admission to the pool consisting of aptitude test scores shall be directly related to job performance, as shown by significant statistical and practical relationships between the score on the aptitude tests, and the score required for admission to the pool, and performance in the apprenticeship program. In determining such relationships, the sponsor shall follow the procedures set forth in 41 CFR Part 60-3. These requirements shall also be applicable to aptitude tests utilized by a program sponsor which are administered by a state employment service agency, a private employment agency, or any other person, agency or organization engaged in the selection or evaluation of personnel.

d. All educational attainments or achievements as qualifications for admission to the pool shall be directly related to job performance, as shown by a significant statistical and practical relationship between the score, and the score required for admission to the pool, and performance in the apprenticeship program. In demonstrating such relationships, the sponsor shall meet the requirements of 41 CFR Part 60-3. School records or the results of general education development tests recognized by the state or local public instruction authority shall be evidence of educational achievement. Education requirements shall be applied uniformly to all applicants.

4. Oral interviews. Oral interviews shall not be used as a qualification standard for admission into an eligibility pool. However, once applicants are placed in the eligibility pool, and before they are selected for apprenticeship from the pool, they may be required to submit to an oral interview. Oral interviews shall be limited only to such objective questions as may be required to determine the fitness of applicants to enter the apprenticeship program, but shall not include questions relating to qualifications previously determined in gaining entrance to the eligibility pool. When an oral interview is used, each interviewer shall prepare a summary of any conclusions. Applicants rejected from the pool of eligibles on the basis of an oral interview shall be given a written statement of Such rejection, the reasons therefor, and the appeal rights available to the applicant.

5. Notification of applicants. All applicants who meet the requirements for admission shall be notified and placed in the eligibility pool. The program sponsor shall give each rejected appli-

cant notice of the rejection, including the reasons for the rejection, the requirements for admission to the pool of eligibles, and the appeal rights available to the applicant.

6. Goals and timetables. The sponsor shall establish, where required by s. DWD 296.05 (5), percentage goals and timetables for the admission of minority and/or women (minority and nonminority) into the pool of eligibles in accordance with the provisions of s. DWD 296.05 (4), (5), and (6).

7. Compliance. A sponsor shall be deemed to be in compliance with its commitments under subd. 6. if it meets its goals or timetables or if it makes a good faith effort to meet these goals and timetables. In the event of the failure of the sponsor to meet its goals and timetables, it shall be given an opportunity to demonstrate that it has made every "good faith effort" to meet its commitments of s. DWD 296.05 (6). All the actions of the sponsor shall be reviewed and evaluated in determining whether such good faith efforts have been made.

(b) *Random selection from pool of eligible applicants.* 1. A sponsor may select apprentices from a pool of eligible applicants on a random basis. The method or random selection is subject to approval by the agency. Supervision of the random selection process shall be by an impartial person or persons selected by the sponsor, but not associated with the administration of the apprenticeship program. The time and place of the selection, and the number of apprentices to be selected, shall be announced. The place of the selection shall be open to all applicants and the public. The names of apprentices drawn by this method shall be posted immediately following the selection at the program sponsor's place of business.

2. The sponsor adopting this method of selecting apprentices shall meet the requirements of par. (a) 3. to 5. relating to the creation of pool of eligibles, oral interviews and notification of applicants.

3. Goals and timetables. The sponsor shall establish, where required by s. DWD 296.05 (4), percentage goals and timetables for the admission of minority and/or women (minority and nonminority) into the pool of eligibles in accordance with the provisions of s. DWD 296.05 (4), (5), and (6).

4. Compliance. Determinations as to the sponsor's compliance with its obligations under these rules shall be in accordance with the provisions of par. (a) 7.

(c) *Selection from pool of current employees.* 1. Selection. A sponsor may select apprentices from an eligibility pool of workers already employed by the program sponsor in a manner prescribed by a collective bargaining agreement where such exists, or by the sponsor's established promotion policy. The sponsor adopting this method of selecting apprentices shall establish goals and timetables for the selection of minority and/or female (minority and nonminority) apprentices, unless the sponsor concludes, in accordance with the provisions of s. DWD 296.05 (4), (5) and (6) that it does not have deficiencies in terms of underutilization of minorities and/or women (minority and nonminority) in the apprenticeship of journeymen crafts represented by the program.

2. Compliance. Determination as to the sponsor's compliance with its obligations under the regulations shall be in accordance with the provisions of par. (a) 7.

(d) *Alternative selection methods.* 1. Selection. A sponsor may select apprentices by means of any other method, including its present selection method, provided that the sponsor meets the following requirements:

a. Within 90 days of the effective date of this plan, the sponsor shall submit to the agency a detailed statement of the revised selection method it proposes to use along with the rest of its written affirmative action program including where required by s. DWD 296.05 (4), its percentage goals and timetables for the selection of minority and/or female (minority and nonminority) applicants for apprenticeship and its written analysis, upon which such goals and timetables, or lack thereof, are based. The establishment

**Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.**

of goals and timetables shall be in accordance with the provisions of s. DWD 296.05 (4), (5), and (6). The sponsor may not implement any such selection method until the agency has approved the selection method as meeting the requirements of qualifications standards of par. (d) 1. and has approved the remainder of its affirmative action program including its goals and timetables. If the agency fails to act upon the selection method and the affirmative action program within 30 days of its submission, the sponsor may implement the selection method on the effective date of this plan.

b. Apprentices shall be selected on the basis of objective and specific qualification standards. Examples of such standards as fair aptitude tests, school diplomas or equivalent, occupationally essential physical requirements, fair interviews, school grades, and previous work experience. Where interviews are used, adequate records shall be kept including a brief summary of each interview and the conclusions on each of the specific factors, e.g., motivation, ambition, and willingness to accept direction which are part of the total judgment. In applying any such standards, the sponsor shall meet the requirements of 41 CFR Part 60-3.

2. Compliance. Determination as to the sponsor's compliance with its obligations under these regulations shall be in accordance with the provisions of par. (a) 7. Where a sponsor uses this selection method and despite its good faith efforts, fails to meet its goals and timetables, the sponsor may be required to make appropriate changes in its affirmative action program to the extent necessary to obtain maximum effectiveness towards the attainment of its goals. The sponsor may also be required to develop and adopt an alternative selection method, including a method prescribed by the agency, where it is determined that the failure of the sponsor to meet its goals is attributable in substantial part to the selection method. Where the sponsor's failure to meet its goals and timetables is attributable in substantial part to its use of a qualification standard the sponsor may be required to demonstrate that such qualification standard is directly related to job performance, in accordance with the provisions of par. (a) 3.

(c). The complaint shall be in writing and shall be signed by the complainant. It must include the name, address, and telephone number of the person allegedly discriminated against, the program sponsor involved, and a brief description of the circumstances causing the complaint.

(b) The complaint must be filed not later than 180 days from the date of the alleged discrimination or specified failure to follow the equal opportunity standards; and, in the case of complaints filed directly with review bodies designated by program sponsors to review such complaints, any referral of such complaint by the complainant to the agency must occur within the time limitation stated above or 30 days from the final decision of such review body, whichever is later. 2. The agency shall, within 30 days following the referral of a complaint to the review body, obtain reports from the complainant and the review body as to the disposition of the complaint. 3. When a complaint has not been resolved by the review body within 90 days or where, despite satisfactory resolution of the particular complaint by the review body, there is evidence that the equal opportunity practices of the apprenticeship program are not in accordance with this plan, the agency may conduct such compliance review as found necessary, and will take all necessary steps to resolve the complaint.

(b) Where no review body exists, the agency may conduct such compliance review as found necessary in order to determine the facts of the complaint, and obtain such other information relating to compliance with these regulations as the circumstances warrant.

The notification shall specify the facts on which the determination is based.

(b) If, within 15 days of the receipt of the notice provided for in sub. (1), the sponsor mails a request for a hearing, the department shall convene a hearing in accordance with sub. (3).

(c) The department shall make a final decision on the basis of the record before it, which shall consist of the compliance review file and other evidence presented and, if a hearing was conducted pursuant to sub. (3), the proposed findings and recommended decision of the hearing officer. In its discretion, the department may allow the sponsor a reasonable time to achieve voluntary corrective action. If the department's decision is that the apprenticeship program is not operating in accordance with this plan, it will implement action as referred to in sub. (1). In each case in which such action is ordered, the department shall make public notice of the order and shall notify the sponsor and the complainant, if any, and the department.
