Dear County Board:

Thanks to an open records request by WVCY in Milwaukee, some very underhanded emails from the library director, library board president, city attorney, and more have been uncovered. It is very apparent that these people do not care about those in the community they pretend to serve. Nor do they care about parental rights, the protection of children, balance of materials offered, or good and decent morality in our community. They do not want open discussion among those of us who live here; they only want to thwart those whose views are different from theirs. This is not the American way, at least the America I know, love and have lived in thus far.

I hope you can spend some time to view this program online. It aired last night on channel 30, a Milwaukee station.

(It will be posted online very shortly.....I am sorry for sending the link now. I am doing so because I want you to be aware of this NOW and I will be unavailable this afternoon. There is a meeting at Silverbrook Middle School at 6:30pm tonight. The community will be discussing the entire library issue. Come and join us!)

I look forward to hearing from you!

Sincerely,

Mary Weigand
