Hello Michael,

Hope all is well. Can you please tell me how the read-in went? How many people showed up and was there any exciting news that came out of it? Also, has the mayor proposed any more names?

Do you have any photos from the read-in?

Thanks so much!

Debra

Debra,

Good morning.

You mentioned that I could pass along updates for what's happening with the censorship issue at the WBCML. A group has organized to do a read-in on 5/29/09 at our library in support of the First Amendment. Shades of the late 60's and early 70's---it sounds like it will be an eye-opener for our "conservative and faith-based community." I think if I read or hear that phrase one more time, I'll be forced to donate my eyes and ears to science much earlier than I had planned.

A link to more information on the event can be found at:

Thanks again.
