Hi, Michael. Attached is a statement that I will share at Monday's Council meeting. Counsel I had received in the past about needing a motion on the floor in order to discuss an agenda item was incorrect, so--barring some other problem--I should be able to speak on this matter pretty easily. Please let me know if any facts in my statement need corrections. (I also will not speak to details/examples that come after the dashes in each of the 12 points--they are there if specific examples are asked for. If you think of examples of our work that support points I make, please remind me of them.) I will also have Kristen P's timeline for reference.

Nick

PS: I know it's not on the agenda for Monday, but could you or Kristen P let me know what percentage of the 80 or so books objected to contained homosexual characters/themes/etc.?
