Mayoral recall suggested over (mis)handling of City Council/Library Board

Seems that some over at Boots and Sabers are on board for a mayoral recall. Guess people have had enough of the way the City Council and Library Board issues have been handled. Perhaps everyone just wants to see someone step in that can handle the issues. Volunteers?

OWEN stated:

"I imagine that the people who funded that endowment thought it would be spent to share books and knowledge with the library's patrons - not pay for legal advice that has already been given by the City Attorney and could be validated for free elsewhere.

This Library Board is seriously out of control and Deters is behaving like a nut.

Where is the Mayor? She appointed and vouched for these folks. What does she think of their overt desire to ignore the citizens and waste money intended for making the library better?"
