Common Sense Decency - ALL can agree

Looks like a good read:

PORCH TALK: Stories of Decency, Common Sense, and Other Endangered Species

Waving the banner of "freedom of speech" as an excuse to give pornography to children fails to land in the lap of common sense, and certainly does not embrace decency.

Screaming that protecting kids from sexually explicit material is a gay and lesbian issue, and **abusing gays and lesbians** to get these materials into the hands of kids is downright deceitful.

We may not agree with homosexuality, and homosexuals may not agree with us, BUT, we all can agree that **sexually explicit materials do not belong in the hands of children**. We have had numerous conversations from both sides of this sexual fence, and THIS was the conclusion. We CAN agree about this. It is "common sense decency."

But I guess if you have run out of options, you'll do anything.

And then there's the endangered species. The kids.
