Missouri looking at bill to protect kids in local libraries...

Found this interesting...

SB 450 - This act requires public libraries, by January 1, 2010, to adopt written policies, consistent with contemporary community standards, on the placement of books and other materials to restrict minors from gaining access to material that is obscene or pornographic for minors. Exempted books and materials include those in collections that require the written permission of a parent or guardian of an unemancipated minor. Policies must also contain procedures for members of the public to challenge the placement of such books and other materials and provide comments and guidance on the library policies. As an alternative, any library that does not adopt written policies must prominently display a statement that the library may contain uncensored materials that may be objectionable and offensive to minors. Libraries must include in their annual report the number of complaints about placement of books and their resolution. Library policies must be recorded with the city or county and made available to the public at the library and city or county government office. A violation of this section is subject to a misdemeanor.
