[Is WBCFSL Fading Away?](#)

As Ginny Maziarka's [WISSUP blog continues to shift its focus](#) to the daily FoxNews bullet points, and it's become clear that [Ginny rarely follows up](#) with what she's started, I've been wondering about how much further she can go with [her open record requests](#) and desire to rid the library of gay-affirming texts and anything that has a drawing of a penis in it.

Well, it seems that her "West Bend Citizens for Safe Libraries" (sic) organization might finally be fading into the distance. She hasn't [updated the WBCFSL website](#) in ages, hasn't released the [promised timeline](#), and now the mentions of WBCFSL (and its email address) have been removed from the prominent positioning on her flagship WISSUP blog (replaced by links to [ParentalRights.org](#) and the [Eagle Forum of Wisconsin](#)).

Perhaps Ginny [read today's paper](#) and finally realized that she's lost the library battle. But, when we're dealing with Ginny, there's one thing for certain: **she won't let us down!**
