Debra,

Good morning.

You mentioned that I could pass along updates for what's happening with the censorship issue at the WBCML. A group has organized to do a read-in on 5/29/09 at our library in support of the First Amendment. Shades of the late 60's and early 70's—it sounds like it will be an eye-opener for our "conservative and faith-based community." I think if I read or hear that phrase one more time, I'll be forced to donate my eyes and ears to science much earlier than I had planned.

A link to more information on the event can be found at:

Thanks again.
